March 15, 2017

# Researchers in H2020

- Researchers are at the core; most relevant
- European Charter for Researchers and Code of Conduct for their Recruitment
- *Human Resources Strategy for Researchers (HRS4R)*
- *Innovative Doctoral Training Principles*
- *The Researcher and Open Science (OS)*

# Researchers in FP9

- European Research Area (ERA) and for the European Higher Education Area (EHEA)
- Policies relating to researchers should be explicitly embedded in programmes right across FP9 (not just MSCA)
- C&C should be guiding principles: participation and evaluation criteria
- European Framework for Research Careers
